REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 51-59, 75-77, 79-81, 84-87, 89-90 and 92-93 are allowed over the prior art of record. Current invention claims a low-resistance resistor having the entire surface of the terminal being coated with a metal having a melting point of 500° C or below. Such claimed structure, in combination with claimed limitations of independent claim 51 (also claim 56, 75 or 77), are neither disclosed nor suggested by the prior art of record. Further, Applicant's argument, specifically page 1 last paragraph, is persuasive and therefore is incorporated into the current Reasons for Allowance.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Lawrence Ashery on 3/18/04.

The application has been amended as follows:

IN THE CLAIMS:

Please cancel claims 60-74, 78, 82-83, 88 and 91.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
